### Presentation

Steve's extensive community involvement and his intimate connection to the Santa Barbara business community provide him with the unique ability to discuss the current state of the economy in our region and, in particular, its effects on the accounting and legal professionals who practice here. He will present a lively discussion from the business communities' perspective on where the regional economy is, where it is going and how we as professionals can better position ourselves to take advantage of the opportunities that will present themselves over the next few years.
